The Chapter House

The Chapter House Princes Risborough is a newly constructed, contemporary meeting place. Conveniently situated in the centre of a very popular Buckinghamshire market town, our venue is suitable for both private and commercial functions of up to 40 people. Positioned on the first floor of an octagonal building, the meeting room provides a bright and tranquil space, with views over an ancient churchyard and the Chiltern countryside. We can provide different layouts, for business planning, training, meetings, or social events.

The Chapter House has been stylishly furnished, and has an integrated audiovisual, loop system, lift access, toilets, kitchen and refreshment facilities. Catering can be arranged on request, although the town has four public houses and a choice of restaurants and cafes.

For information about availability, hiring terms, or to arrange an informal visit, please contact the office on - enquiries@TheChapterHouse.org.uk

"We recently held a very successful meeting in The Chapter House and I'm convinced that the comfortable and attractive surroundings added to the effectiveness of the meeting and made for a enjoyable social event after the formal business was concluded. Many thanks, we plan on hosting our meetings in these surroundings on the next occasion"
